

MiBank

GROW WITH US

Notice to customers of PNG Microfinance Limited

On 31 January 2020 Nationwide Microbank Limited (MiBank) acquired the shares in PNG Microfinance Limited (PML).

During 2020 MiBank will integrate the PML business in to MiBank, however currently it is 'business as usual' for PML branches and customers. All deposits held by PML customers are safe and secure and will eventually be transitioned to MiBank which is a licensed financial institution regulated by the Bank of Papua New Guinea.

Over the next few months customers will gradually notice changes in PML branches which will be re-badged as MiBank Branches. Please be assured that we will do all we can to ensure that the transition for our customers is smooth and painless. MiBank will continue to support the grassroots customers of PML with the same friendly service that they have become accustomed to, but will also provide new and improved products, such as Debit Cards to access ATMs and EFTPOS, together with Mobile Banking.

If you have any queries, please do not hesitate to contact your branch or ring the MiBank Call Centre on 16789 (Free Call).
